

THE SATURDAY CLUB PROGRAMME

The National Art&Design Saturday Club offers young people aged 14-16 the unique opportunity to study art and design every Saturday morning at their local college or university for **free**.

It takes place at Northbrook MET on Thursday afternoons from 4.30pm - 6.30pm!

The Saturday Club runs in over 50 locations across the UK, in colleges, universities and museums. As well as more than 100 hours of specialist tuition, young people also benefit from visits to museums and galleries, Master classes from leading art and design practitioners and an exhibition of their work in London's Somerset House.

Community links

Every year the club is fortunate to collaborate with local community organizations - Inclusive Arts, Worthing Artists Open Houses and this year we joined forces with Creative Waves to design collage pieces for the forthcoming exhibition on Worthing pier to celebrate the diversity of flora and fauna on the Offshore Marine Conservation Reef sited just off the coast of Worthing.

Last year, Inclusive Arts worked with club members to create self-portraits for the London Visit and Worthing Artists Open Houses invited club members to exhibit work at venue 31 in the 2019 Worthing Artist's trail during three weekends in the summer.

Club Members 2020

Mahiya, Mimi, Honey, Adam, Lilah, Neha, Hannah, Daniel, Megan, Colette, Rosie, Millie.
